WHAT IS A HOMESTEAD EXEMPTION?
Homestead exemptions are designed to save Texas homeowners money on their annual property tax bill. You may know that every residential homestead qualifies for a $25,000 state-mandated school exemption, lowering the taxable value of the property, but did you know that homeowners who are disabled, or who are 65 or older qualify for an additional state-mandated school exemption of $10,000? And disabled veterans and certain dependents of veterans may qualify for an additional exemption. Filing for your Homestead Exemption is free!
